InfoBrochures

Starting a new church requires —first and foremost— a calling. But there is much more. You must develop a basic ministry plan, ensure financial backing and gather a core group of supporters and collaborators. Most importantly, to reach people for Christ you must effectively communicate the message of your church. That's where Outreach, Inc. can help.

We have created the **FREE Church Launch Gift Pack\***, which is filled with resources to help you start out on the right foot!

\*You pay for shipping and handling only (\$12.95). This offer is good for new church plants only.
